VOLUNTEER SECTION 8

PERSONNEL CHANGES 11

The mission of the Lino Lakes Public Safety Department is to collaborate with the community to provide:

- a healthy and safe community;
- a focus on prevention;
- a commitment to life safety;
- aggressive pursuit of criminals;
- respectful communication;
- encouragement for volunteerism.

ONE VISION. ONE MISSION.

Public Safety Message:

The staff and volunteers of the Public Safety Department continued the proud tradition of providing the Lino Lakes community with high quality public safety services. During the past year our staff was recognized on a local and international level for dedication and professionalism.

Captain Wayne Wegener was selected by the International Association of Chiefs of Police Association as one of the top law enforcement leaders under the age of 40. Sergeant William Owens was awarded the Medal of Honor by the Minnesota Chiefs of Police Association for *“Actions in a single event which demonstrate bravery, heroism, and/or self-sacrifice; clearly distinguishing the individual for gallantry and bravery under life-threatening circumstances.”* Officer Adam Halverson and Sergeant William Owens were recognized by Mothers Against Drunk Drivers (MADD) for their professionalism and dedication to improving safety on our roadways. District Chief Paul Peltier and Police Officer Mike Monson were recognized as the American Legion Post 566 Firefighter and Police Officer of the Year respectfully.

The Investigations section of the Police Division continued to operate at a high level by attaining a criminal clearance rate of 73% in 2016. This high degree of success in holding those who break the law accountable is achieved through effective collaboration between patrol officers and investigators. Our staff takes great pride in providing top tier services from the very onset of a call for service and we continue to leverage our partnerships to enhance the services we provide our community.

In 2016 our staff focused on utilizing new technology available to us through the BCA and Tri County Crime Lab to further enhance our criminal investigative abilities. You will note in the Police Division section of this Annual Report, our staff conducted successful investigations through the use of DNA crime scene collection, computer forensic examinations, and tenacious investigative techniques.

The end of 2016 marked the end of our first year providing fire services to the Lino Lakes community and I am happy to report our staff did an excellent job. Our team continues to build competency through an extensive training program and the calls for service we respond to. Our team's average on-scene arrival time for all fire calls for service is 5:00 minutes which is faster than the 12:00 minute standard outlined in the National Fire Protection Association (NFPA) 1720 for on-scene arrival time for paid on-call fire agencies. In fact our team's on-scene arrival time is under the NFPA 1710 standard of 5:33 minutes for career departments. This high level of service was achieved through the collaborative efforts of our police-firefighters, paid on-call firefighters and the progressive use of fire suppression equipment.

An example of this high level of service occurred on July 1st, when public safety staff responded to a structure fire in the 7800 block of Nancy Court. The central air conditioning unit had started the exterior of a townhome on fire with the flames reaching the eaves of the structure. Our police-firefighters were able to use the fire suppression equipment now installed in the patrol vehicles to extinguish the flames before the flames entered the attic area and extended into other areas of the home and adjacent townhomes. Our paid on-call staff were then able to conduct salvage operations further limiting the damage to the structure.

The demand for medical calls for service once again increased in 2016 (620 calls for service) when compared to 2015 (499) and 2014 (476). This trend is likely to continue with the opening of a second assisted care facility in 2016 and the continued residential growth our community is experiencing. Our average on-scene arrival time for medical calls for service, both emergency and non-emergency response, was 4:45 minutes for 2016.

North Memorial Ambulance provides all ambulance services for our community and continues to house one ambulance at our fire stations. This agreement has enabled North Memorial to provide the residents of Lino Lakes with tier 1 ambulance service, which is the highest level of ambulance service in Minnesota.

The members of the Public Safety Department are committed to continuous improvement ensuring that our community receives the best service possible. We are excited to seek opportunities to provide excellent service and overcome challenges for our community.

On behalf of the members of Public Safety Department, I would like to thank you for allowing us the opportunity to serve this great community.

John Swenson
Public Safety Director
January 30, 2017

Police Division

In 2015 our community experienced an increase in the number of theft from motor vehicles and burglaries. During 2016 the Police Division identified strategies to address these crime increases. With the initial firefighter training and certification completed in 2015 our staff was able to have a more visible presence in our neighborhoods to deter crime in 2016. When an incident did occur we immediately

started aggressive investigative procedures and leveraged our relationships with our policing partners.

Below are the Part 1 and Part 2 Crime and Arrest data for 2016:

CRIMINAL OFFENSES	2016				
Part 1 Offenses	Q1	Q2	Q3	Q4	TOTAL

Below is a table which shows the total number of case numbers generated by Lino Lakes police staff for all calls for service and incidents at or above a misdemeanor level:

*CASE NUMBERS GENERATED					
YEAR	Q1	Q2	Q3	Q4	TOTAL
2016	3,950	3,760	4,130	4,481	16,321

In order to provide some comparative context for our community below is a table detailing some crime data and activity data:

Offense/Activity	2014	2015	2016
Theft from MV	25	59	43
Burglary	19	38	25
Shoplifting	19	43	48
Unsecured Garage/Vehicle Doors	561	476	440
Business Checks	262	413	599

Officer Pete Noll continued working with his police canine Justice. The team was deployed 37 times this year. Canine Justice assisted police with community outreach and education, locating illegal narcotics, and located and apprehending criminal suspects. Officer Noll and Justice are certified by the United States Police Canine Association in narcotics detection as well as police patrol activities.

The Investigations Section ended the year with an overall criminal case clearance rate of 73% for 2016. In addition to assisting patrol officers with property cases, the Investigations Section handled 109 of the more significant criminal investigations, 78 of which were charged out at a felony level. The Investigations Section also completed 197 discovery requests from prosecution and defense attorneys, 97 background investigations for Lino Lakes tobacco, liquor and solicitor permits, and 11 pre-employment background investigations for public safety positions.

A few of the most significant investigations conducted in 2016 include:

- Investigators worked a case of identity theft where one male suspect was responsible for several hundred thousand dollars in losses to people and businesses throughout the metro area. The suspect was apprehended through joint efforts of several local and state agencies.
- Investigators solved a burglary and financial transaction card fraud case using in store cameras from local businesses and obtaining a warrant for cell phone tower data, which ultimately proved the suspect's presence in the area at the time of the burglary. Several search warrants were also drafted and served in this case in an attempt to recover the victim's property.
- Investigators were able to solve a theft case when the victim turned in digital photographs of the unknown suspect holding the stolen item. Investigators worked with latent print examiners to match finger and palm prints seen in the photographs to known prints from the suspected offender.

- Investigators worked on a case involving a prolific trailer thief which spanned multiple jurisdictions and resulted in the male offender receiving a 96 month prison sentence. The suspect was responsible for several thefts in Lino Lakes.
- Investigators solved a case involving pedal bike tire marks left by the suspect in a fresh snow fall. The suspect ultimately admitted to being responsible for multiple thefts from motor vehicles at two businesses for a period of over eight months. A secondary suspect was charged for possessing a stolen firearm.
- Investigators worked with several other agencies to put together a case against a repeat Lino Lakes offender for several counts of identity theft and check forgery. Because of this suspect's criminal record, he will likely receive several years in prison if convicted.
- Investigators were able to solve multiple crimes when swabbing areas of a crime scene likely touched by an offender resulted in DNA matches to offenders already in the system. Swabbing for DNA at a crime scene is a relatively new process for LLPSD Investigators which can yield great results. Several of our patrol officers have also received training in DNA swabbing best practices and are applying that training at a patrol level.

Fire Division

The Fire Division began serving the Lino Lakes community for all fire calls for service on December 28, 2015 and completed our first year of providing this service at the end of 2016. The public safety service model and response protocols have led to the creation of a fire service that is meeting and exceeding the service metrics for full time agencies as defined by the National Fire Protection Association (NFPA). This high level of service was reached through the dedication and hard work of our team.

The fire inspection program was launched in conjunction with the replacement of all fire lock-boxes in the City. Fire staff contacted every business, replaced fire lock-boxes, and provided the business with information on the inspection program. Staff began conducting fire inspections in July and completed 53 inspections in 2016. Staff will continue to work aggressively to inspect the remaining 158 properties by the end of 2017.

Staff also identified locations where a high number of people gather to immediately develop response plans specific to the location. These plans, referred to as pre-plans, ensure that if an emergency occurs at the location our staff is prepared with all of the information needed to respond in an effective manner. During 2016 staff completed 79 pre-plans that further ensure the safety of our community members and first responders.

In 2016, staff has responded to four structure fires in Lino Lakes as well as assisted neighboring agencies with five structure fires. Other calls of interest in 2016 were; 51 motor vehicle crashes, 14 car fires, 7 grass fires, 3 technical rescues and 2 aircraft crashes.

Administrative Division and Emergency Management

The Public Safety Department continues to leverage our staff, partnership with Century College through a multi-jurisdictional continuing education program, as well as utilize online resources to ensure that all public safety personnel receive the highest quality training and remain up to date on all state and federal mandated training requirements.

Our in-house certified instructors provide training in areas such as firearms, use of force, CPR, emergency vehicle operations, water rescue operations, and fire scene security. During 2016 in-house fire training was conducted twice a month and staff required continuing education was conducted once a month through Century College.

Staff continues to utilize online resources for components of the hazardous material training requirement, employee right to know training, OSHA requirements, as well as both police and fire legal updates. Staff is also provided monthly online training updates on the department's policy and procedure manual.

Staff continues to evaluate the city's emergency warning siren system. In 2016, the city's ninth emergency warning system (a.k.a. tornado siren) has been installed in the 7500 block of 20th Avenue. This addition allows for better emergency warning coverage to existing and new housing developments in the area.

Front office staff attended the BCA's 2016 Criminal Justice Information Users two day conference. Staff attended breakout sessions such as sealing and expungements, officer involved shootings, criminal history, crime reporting, data practices, etc. They attended sessions where they learned about changes to laws and rules which impact how they do their job. In 2016, front office staff continued to work with the new countywide records management system. The implementation of this system continues to be a significant undertaking and it is with the dedication and hard work of the records technicians that is making the transition possible. It was also accomplished while performing the other tasks associated with their positions such as:

- Coordinating 897 ACE program participants
- Processing 242 permit to purchase handgun applications
- Issuing 183 dog licenses
- Completing over 560 local records checks
- Processing over 635 criminal histories

In August, the Public Safety Department added its third Community Service Officer. Staff has transitioned the administration of the ACE Program to our Community Service Officers. This change was successfully implemented and has enabled participation in the ACE program to grow in 2016.

Volunteers continue to assist the front office staff to help ensure success. Their assistance with filing, sorting, copying and miscellaneous duties is invaluable.

Volunteer Section

RESERVES - In 2016, the Lino Lakes Public Safety Department Reserve Unit was comprised of 12 volunteer reserve officers who supported the functions of the Lino Lakes Public Safety Department. The police reserves participated in community events, provided traffic and pedestrian safety, provided uniformed patrol in marked patrol cars, conducted home and business checks, assisted full time officers with community education and training events and conducted prisoner transports, all in an effort to help fulfill the mission of the department by providing a healthy and safe community,

focusing on prevention, promoting life safety, aggressively pursuing criminals, encouraging volunteerism and continuing to enhance and strengthen the agency's community oriented policing philosophy.

In 2016, the Lino Lakes Public Safety Department Reserve Officers were trained by LLPD staff in vehicle operation, house and business checks, use of force, first aid, traffic direction, search and rescue, patrol tactics, public relations, report writing, leadership and officer assists. Reserve officers handled 18 prisoner transports to the Anoka County Jail which enabled sworn officers to remain in Lino Lakes. Throughout 2016, the Lino Lakes Public Safety Department Reserve Officers donated 1,539 hours of service to our community.

CHAPLAINS - The Lino Lakes Police Chaplain Program was formed in 2003 by a patrol officer who realized having such a resource would be a valuable asset to our agency. Lino Lakes Police Officers respond to a wide variety of incidents including situations where a death has occurred or a death notification needs to be delivered. Police chaplains assist officers with these sensitive tasks and provide an invaluable service to not only the officers but community members as well by being present to assist with crisis management. Chaplains are on call 24-hours a day, every day throughout the year.

Beyond assisting officers with the aforementioned calls, chaplains are also tasked with keeping in touch with the wellbeing of officers. This is accomplished by participating in ride-alongs with the officers or by stopping at the police department for a visit.

During 2016 our chaplains at the time, James Chapman and Troy Fields, resigned from the program. Chaplain Chapman and his family moved to Nashville, Tennessee in order to pursue a new endeavor. Chaplain Chapman served over six years as a department chaplain. Chaplain Fields left due to the demands of his current position as lead pastor at Tree of Life Assembly of God Church in Lexington.

With the resignations we reaffirmed the importance of this program and began a search to fill the two vacancies. In July of 2016 we had the fortune of recruiting Wes Pederson, a Pastor of Ministry at Eaglebrook Church (Lino Lakes Campus), to join our program. Chaplain Pederson has lived in the area for several years and currently resides in Centerville with his family. With one spot filled we continued our search for a second candidate and had the fortune of being contacted by Dylan Tate. Chaplain Tate was referred to us by a family member of a Lino Lakes Police Officer who knew we were searching for police chaplains. Chaplain Tate is a Youth Pastor at Maranatha Church in Forest Lake and joined our program in September of 2016. Chaplain Tate currently resides in Lindstrom with his family.

Chaplain's Pederson and Tate will attend training through the Minnesota Emergency Service Chaplain Association (MESCA) in the spring of 2017.

The chaplain program is currently overseen by Sergeant Mitch DeMars and Investigator Mike Monson.

CERT - The Community Emergency Response Team (CERT) had a successful year in 2016 as it completed its ninth year serving the citizens of Lino Lakes. This year we welcomed two new CERT liaisons, Officer Jake Swanson and Officer Adam Halverson.

In addition to continuing education training, CERT members facilitated a community blood drive in August. Members also assisted the Public Safety Department during community events such as the Blue Heron Days parade and the Officer Shawn Silvera Rotary Run. CERT members conducted a search and rescue and medical operations training during the summer and were deployed to assist with search and rescue in a large scale incident in the fall.

When emergencies happen, CERT members give critical support to first responders, provide immediate assistance to victims, and organize volunteers at disaster sites. CERT members are trained in incident command, disaster medical operations, fire suppression, search and rescue, and disaster preparedness.

EXPLORERS - The Explorer program is a program sponsored by local law enforcement agencies to provide career information to students between the ages of 14 and 20. It also provides the structure and resources needed for young adults to make good choices and to achieve their full potential as individuals.

Students learn first-hand the duties and responsibilities of police officers, by bringing interested youth and police officers together on a weekly basis. In April of 2016, 11 Explorers went to Rochester MN to compete at the 41th Annual Minnesota Police Explorer Conference.

Three teams competed in various events with hundreds of other Police Explorers from around the state. The Lino Lakes explorers placed 3rd in Domestic Crisis and Drill Team, and placed third in the two mile Run.

In October, 7 explorers went to Duluth MN, to compete in the 21th Annual Duluth conference. This conference helps prepare them for the Rochester competition. This year's event was held at the Fond Du Lac Tribal and Community College. Our Explorers took a 2nd place in Crime Scene.

These conferences provide the explorers with opportunities to meet with their peers, be exposed to law enforcement agencies at the state and federal level, and the chance to receive college scholarship money through their participation in the mock scenarios.

Volunteering in the community is also an important aspect of the Explorer program. This year Explorers volunteered over 2200 of hours in various community activities. The Explorers assisted in the St Paul Bike Classic, Blue Heron Days parade and activities, Valley

Scare, 3M Golf Championship in Blaine, Anoka County Halloween parade, St. Paul City Bike Classic, Ethan's Run and Safety Camp.

TRAIL WATCH - Over the course of 2016 the Lino Lakes Trail Watch volunteers completed 914 hours of patrol. During the patrols, observations were made that resulted in 14 safety/maintenance requests, 8 reports of damage to city or school property, 2 warrant arrests, 2 illegal dumping complaints and two incidents of motor vehicles being operated in city parks. The Trail Watch volunteers provide a wonderful service to our community, ensuring that our many miles of trails and all our city parks remain supervised and safe for all to use.

Personnel Changes

New Staff

Bryce Lindahl, Firefighter
 Jake Kurtz, Firefighter
 Derek Riley, Firefighter
 Kent Alley, Firefighter
 Mark Hokkanen, Firefighter
 Ashley Albindia, Police Officer
 Johnathan Tomczik, Community Service Officer
 Nicholas Small, Community Service Officer
 Craig Menne, Firefighter

Promotions

Brooke Jacobson, Fire Lieutenant
 Derek Sadowski, Fire Lieutenant
 Kevin Sweeney, Fire Lieutenant
 Jeff Frid, District Fire Chief
 Kyle Leibel, Deputy Director

Resignations

Kate Croteau, Community Service Officer
 James Chapman, Chaplain, Firefighter
 Paul Peltier, District Fire Chief
 Kelly McCarthy, Deputy Director

Notable Department Actions:

- Staff participated in the following community engagement opportunities:
 - Attended school carnivals at Blue Heron and Lino Lakes Elementary Schools.
 - Instructed 3 Internet Safety classes at the Centennial Middle School.
 - Instructed 2 Teen Driver classes at Centennial High School.
 - Participated in the planning of a re-unification center with staff from the Centennial School District and Eaglebrook Church.
 - Conducted a Nite to Unite kick-off meeting.
 - Assisted in the development of the Century College Mentor Program for law enforcement students.
 - Participated in the Chain of Lakes Rotary and Lino Lakes YMCA Community Board.
 - Provided 2 training sessions on leadership and resiliency to other law enforcement professionals.
 - Conducted 24 training/meetings for volunteer groups (Reserves, CERT, Explorers, Chaplains, VIPS, PSCC, and Trail Watch).
 - Provided 8 public tours of public safety facilities (Police Station – 3; Fire #1 – 2; Fire #2 – 3).
 - Countless interactions with members of the public via department social media outlets.
- Staff continues to inventory fire lock boxes and have re-keyed 21.
- Staff has completed 9 pre-incident plans for community businesses.
- Staff participated in 6 police and 10 fire training sessions.

Notable Actions & Events:

- Staff responded to the 2300 block of Cedar on a structure fire at 0310 hours on Friday, April 8. Staff was assisted by Hugo FD, CFD, White Bear Lake FD, and Forest Lake FD.
- On April 11th, Sgt. Owens and Officer Halverson were recognized by Mothers Against Drunk Drivers (MADD) for their professionalism and dedication to improving safety on our roadways.
- The grant funded traffic safety officer conducted Safe Teen Driver presentations on April 12th, May 7th, and June 7th.
- Two Lino Lakes Police Reserves completed the Anoka County Police Reserve Academy on April 17th. The Anoka County Reserve Academy is a collaborative effort by all law enforcement agencies in Anoka County to ensure that all police reserve personnel are trained to the highest standards.
- Sgt. William Owens received the Minnesota Chiefs of Police Association (MCPA) Medal of Honor on April 19th for his actions during a traffic stop on May 8, 2015. The MCPA Medal of Honor is awarded for, *“Actions in a single event which demonstrate bravery, heroism, and/or self-sacrifice; clearly distinguishing the individual for gallantry and bravery under life-threatening circumstances.”*
- Police and Fire personnel assisted the Parks and Recreation department and conducted six park visits for youth programs.
- Our Police Explorer Post participated in the MN State Conference in Rochester on April 21st through 24th. Members of the Post took third place in the two mile run, response to domestic crisis calls, and drill team.
- On April 26th staff from MN Police Officers Standard & Training (POST) Board conducted a legislative mandated audit to, *“...ensure that the agencies are complying with all requirements imposed on them by statute and rule.”* The LLPSD Police Division was found to be compliant in all areas.
- Staff sought information from community members on traffic safety issues in our community. Staff received 140 complaints and has begun to direct resources to address those concerns.
- On Saturday, April 30th the Public Safety Department participated in the Drug Enforcement Agency National Drug Take Back Initiative. This is part of our prevention strategies to reduce access to prescription narcotics in our communities. As a benefit of our participation with the DEA we are able to destroy all unused medications turned in throughout the year at no cost to the City. On April 30th, 88 pounds of prescription drugs were taken in, which brings the total of prescription drugs received from community members so far in 2016 to 315.5 pounds.
- On Saturday, May 7th staff from the Fire and Police Divisions participated in the “Big Truck” event at Rice Lake Elementary School.

- On May 10th, staff conducted a public safety informational presentation in conjunction with staff from the MN Dept. of Corrections – Lino Lakes Prison and Anoka Juvenile Corrections. The purpose of the presentation was to provide an overview of public safety efforts in Lino Lakes.
- On Thursday, May 19th, staff conducted the Public Safety Volunteer Appreciation Picnic at Fire Station #2. One hundred and thirteen volunteers and their family members attended the event.
- Staff responded to a fatal traffic crash in the 6100 Block of Otter Lake Road on Friday, May 20th. The Minnesota State Patrol traffic crash reconstruction section assisted with the investigation. Police, Fire and EMS responders handled this crash and participated in a critical incident stress debriefing on Monday, May 23rd.
- Fire Staff represented the City at the Manitou Days Parade (WBL) & Good Neighbor Days Parade (Hugo).
- The Community Emergency Response Team (CERT), which is a group of volunteers, participated in on-line triage training in May. In June the CERT conducted search and rescue training exercise and incorporated victim triage.
- On Saturday, June 4th the Public Safety Department conducted its Annual Open House. This year the event took place at Fire Station #2. Staff received very favorable comments from community members regarding this event. Thank you to everyone who attended.
- Lino Lakes K9 Team, Officer Noll & K9 Justice, participated in the USPCA Region 12 Police K9 Trials in Brooklyn Park from June 26th through June 28th. Officer Noll & Justice successfully re-certified with USPCA. Our K9 team took first place in the agility and criminal apprehension portion of the certification process.
- Investigation of a residential burglary in which a handgun had been stolen, was solved. A 41 year old male suspect from St. Paul was charged with burglary and felony level damage to property.
- Investigation of a recovered stolen enclosed trailer and recovered stolen vehicle resulted in felony theft related charges for a 35 year old male from Maplewood.
- A lengthy investigation into an identity theft resulted in the identification of a 33 year old male suspect from Lino Lakes. Charges are pending.
- Investigation of a fraud, theft by swindle and identity theft case where a Lino Lakes victim's personal information was used to make over \$100,000 in purchases, has resulted in the identification of a suspect. The suspect, a 36 year old male with no permanent address, will be charged in Anoka County and is also wanted by other agencies in Minnesota for fraud related charges that exceed \$500,000.
- Investigation of a felony level theft resulted in the recovery of the stolen property and felony theft charges for a 21 year old male from Lino Lakes.
- Investigators conducted six employment background investigations, 16 tobacco background investigations, 33 liquor background investigations and 39 solicitor background investigations.
- TRAININGS
 - o MN Chief of Police Conference
 - o LMCIT Safety and Loss Control Workshop
 - o 3 CEU / 6 Drills (Fire)
 - o 2 live burn exercises
 - o Sex Trafficking training
 - o Fair and Impartial policing
 - o Use of Force Simulation Training
 - o FBI Firearms Instructor School
 - o Less Lethal Instructor
 - o Qualification Shoot
 - o Emergency Vehicle Operation Training
 - o De-escalation training

Q3 Notable Actions & Events:

- Police and Fire Division staff participated in a softball game during the Lino Lakes Corn Roast Thursday evening. The police division is the 2016 Lino Lakes Guns vs. Hoses champs.
- Police Division staff investigated an identity theft and check forgery case involving Lino Lakes residents and an area business as victims. The total loss for the victims in the Lino Lakes case is estimated at \$114,000. During the course of the investigation, staff determined our suspect was wanted in 5 other metro counties for similar offenses. Lino Lakes staff partnered with other agencies and were able to locate the suspect and make an arrest. Staff is now working with the Anoka County Attorney's office and other metro law enforcement agencies to coordinate criminal charges.
- Police and fire staff attended 35 Night to Unite (NTU) block parties in Lino Lakes on Tuesday, August 2nd. Lino Lakes block party attendees once again donated supplies for students in need as part of our annual NTU events.
- The owner of the local Snap Fitness donated physical fitness equipment to the Public Safety Department.
- On Thursday, August 11th Lino Lakes Public Safety and Park Recreation staff in conjunction with staff from Centennial Lakes Police Department, Centennial Fire District, Lexington Fire Department, and North Memorial Ambulance conducted the annual Safety Camp at Blue Heron Elementary. Safety Camp is focused on prevention by educating community youth on safety. This year 60 community 4th graders attended the event. Special thanks to Fiesta Cancun for providing lunch and DQ for providing coupons to attendees for ice cream cones.
- The Lino Lakes Public Safety Department staff participated in the Blue Heron Day's parade and Officer Shawn Silvera Rotary Run.
- Paid On-Call District Chief Paul Peltier has resigned. Staff will be working to create a process to identify candidates for the position and begin a selection process.
- Police personnel are now equipped with Narcan to counter act the effects of opiate overdose. This is in response to the increase in the number of opiate overdoses that have been experienced in Minnesota and throughout the nation. This was made possible through state legislation authorizing first responders to administer opiate antagonists and funding through the Metropolitan Emergency Services Board.
- From August 11 through August 27, twenty community youth members participated in the 2016 Youth Firearms / Hunting Safety Course. This course educates community youth on firearm and hunting safety with 5 classroom sessions and one field/range session.

- The City's ninth emergency warning system (a.k.a tornado siren) location has been installed in the 7500 block of 20th Ave. and is operational.
- Investigators conducted 54 employment background investigations, 1 liquor background investigation, 4 solicitor background investigations, 2 gambling background investigations and 2 chaplain background investigations.
- Public Safety Captain Wayne Wegener was selected by the International Association of Chiefs of Police (IACP) for the first-ever 40 Under 40 Award. The award was developed to recognize law enforcement professionals under the age of 40 from around the world who demonstrate leadership and exemplify commitment to their profession.
- All fire boxes in the City have been re-keyed.
- Staff has completed 26 preplans for locations in Lino Lakes in Quarter 3, which brings the total preplans completed to 65.
- Staff completed 21 business fire inspections during Quarter 3.
- Staff conducted annual inspections of all fire hose. 3 hoses failed during the inspection process.
- On July 1, cross-trained police officers/firefighters arrived on the scene of a fire in the 7800 block of Nancy Ct. on the exterior of a home near an air conditioning unit. Response time was less than two minutes and the fire was quickly extinguished. Paid On-call Fire personnel arrived soon after with an engine to overhaul ensuring the fire was completely extinguished.
- On July 5th, fire crew arrived on the scene of a large grass fire at Lake Drive and Hodgson Road, the cause of the fire was determined to be improperly extinguished smoking material.
- On August 8th, fire crew knocked down a dumpster fire and overhauled in the 7100 block of Grey Heron Dr. The origin was determined to be improperly discarded smoking materials.
- August 15th, fire crew arrived on the scene of a vehicle fire located on 35E south of Main Street that was fully involved, traffic was heavy and ammunition was involved in the fire. Cause and origin was determined to be a large engine oil leak that sprayed onto the hot engine/exhaust system.
- On September 13th and 15th, Staff arrived at the 400 block of Apollo drive to find power lines which were energized and on the ground which caused a small grass fire.
- Training:
 - Crowd Control Training
 - Emergency Vehicle Operations Training
 - Advanced Roadside Impaired Driving Enforcement (ARIDE)
 - Hosted a SPEAR Use of Force Instructor Course
 - Interview Training
 - In-House Use of Force Session
 - Narcan Training
 - Qualification Shoot
 - 2 CEU/ 6 Drills
